

## STUDENTS MOBILITY -ITALY

Twenty-one students and ten teachers took part in the first Erasmus KA2 mobility in Italy.

Nearly all the activities prepared and carried out by the Italian school were very positively assessed by all the participants, only the *sports competitions* ( one teacher judged it unsatisfactory ) and the *conference about safety* ( one teacher and one student considered it unsatisfactory and one student found it poor) were not .

The trips were considered very good overall (only one student judged the *tour walking through cultivated areas with olive trees* poor).

Accommodation was rated very positively by all . One student found free time with families poor.

All participants stated that the programme of the visit was relevant to our project.

Only one teacher and one student stated that the meeting did not fulfil their expectations and that it didn't improve our partnership .

All students claimed that they improved their English and that they would like to take part in another meeting.
